## ***Marine Gravity / Magnetic / Seismic Survey***

### ***Blake Plateau - South***

**Survey Size:**

4,200 line miles

**Data Spacing:**

Variable

**Data Provided:**

- Profile data: free-air gravity, adjusted free-air gravity, Bouguer gravity, water depth, total magnetic intensity minus Earth's normal field, adjusted total magnetic intensity minus Earth's normal field, line intersection statistics
- Bouguer Gravity Map (1:250,000 scale)
- Bathymetry Map (1:250,000 scale)
- Total Magnetic Intensity Minus Earth's Normal Field Map (1:250,000 scale)
- Digital Data
- Report

**Conditions of Sale:**

Seismic data available

**Total Cost:**

Call for quotation
